The Revolution in Nail Art

Discover the innovation of Liquid Gels, where fluid artistry meets enduring strength. Our Liquid Gels are formulated to provide a smooth, self-leveling application that transforms your nails into a resilient work of art.

Experience the perfect blend of flexibility and durability with a high-gloss finish that lasts.

Liquid Gels

Liquid Gel is an innovative material that offers an optimal combination of ductility and rigidity, providing a high degree of control during modeling. It is ideal for strengthening natural nails, correcting imperfections, and straightening the nail plate. With its help, you can effectively work in the technique without using filing, creating medium-length nails. After the polymerization process, the material forms a stable and durable coating that can retain its qualities for several weeks.

Your Care Arsenal

Elevate your nail care routine with our complete range of treatments, brushes, tools, and acrylic systems. Each product is designed to deliver professional results, making your nails look and feel their best. Discover the difference with our premium collection and transform your nail care experience.

Treatments

Cuticle Remover

943018

How to get rid of cuticles and corns easily?

Use our liquid Cuticle Remover which softens them very quickly. All You have to do is apply a small drop and You can remove dead cuticle or corn immediately!

Thanks to that an unaesthetic regrowth won't occur on Your nails for a very long time. The product is available in a capacity of 50 ml.

Nail Prep Dehydrator

943022

A product that delicately cleanses, degreases and dries natural nail plate. It neither dries it out nor disturb the balance of pH.

Nail Prep prepares natural nails before applying Ultrabond Primer, strengthening its action. You can use it in every technique. The product is available in a capacity of 10 ml.

Ultrabond Primer

943023

Acid-free primer, modern and safe product which provides great adhesion of the material, f.e. of a base to natural nail plate. It leaves delicately sticky layer and gives the effect of „double-sided tape“.

Ultrabond Primer does not contain colorants and fragrances. It's great in every technique. The product is available in a capacity of 10 ml.
